

ONE MACHINE, MULTIPLE-USER CAPABILITY - THIS COMPACT PRINTER DELIVERS BIG ALL-ROUND PERFORMANCE

The Brother HL-4140CN colour laser printer delivers brilliant all round performance, especially where shared printer requirements demand a machine that can perform reliably all day, every day. In addition, the HL-4140CN offers the major bonuses of greater efficiency and lower running costs.

Increased efficiency arises from easy set-up and share capabilities, as well as 22 pages per minute colour and black and white printing. It's simple and quick to print large documents, thanks to the 300 sheet paper capacity (expandable to 800*). What's more, the USB host port allows printing directly from a USB pen, for ultra-fast results. The HL-4140CN will lower costs too, thanks to optional high yield toners that can reduce printing costs dramatically – plus with the PIN-protected print feature, you don't have to share your data with others.

PERFECT FOR

- Printing professional, quality full colour documents
- Office work groups up to 5 users
- Printing volumes up to 3,000 pages per month
- Where fast, reliable performance matters
- Creating high-impact graphics
- Detailed documents demanding precise reproduction
- Low running costs
- Low cost colour printing

* With optional 500 sheet paper tray
